Summary

Passionate game developer with 5+ years of professional experience creating engaging gameplay systems and polished player experiences across multiple platforms. Specialized in Unity and Unreal Engine with strong expertise in C#, C++, and game design principles. Proven ability to collaborate effectively with cross-functional teams including designers, artists, and QA to deliver high-quality games on time and within scope.

Skills

🔧 **Unity Engine**
Expert
C#, Editor Tools, Performance Profiling
☆☆☆☆☆

🔧 **Unreal Engine**
Advanced
C++, Blueprints, UE5 Features
☆☆☆☆☆

🔧 **Programming Languages**
Expert
C#, C++, Python, HLSL/GLSL
☆☆☆☆☆

🔧 **Game AI**
Advanced
Behavior Trees, FSM, Pathfinding, Navigation
☆☆☆☆☆

🔧 **Physics & Mathematics**
Advanced
3D Math, Collision Detection, Rigid Body Dynamics
☆☆☆☆☆

Education

University of Washington Bachelor of Science • 3.6 GPA
Computer Science Seattle, WA • 2014 - 2018

 Experience

Cascade Studios

Seattle, WA

Senior Game Developer

March 2022 - Present

- Lead gameplay programmer on an unannounced AAA action-adventure title built in Unreal Engine 5 for PC and next-gen consoles
- Architected and implemented core combat system including hit detection, combo mechanics, and enemy AI behavior trees serving 15+ enemy types
- Developed custom editor tools in C++ that reduced level designer iteration time by 40% and improved workflow efficiency across the team
- Optimized rendering pipeline and gameplay systems to maintain 60 FPS performance target on all supported platforms, achieving 95% frame rate stability
- Ad nostrud enim adipisicing ea proident aliqua veniam nisi amet ea irure et mollit.

 Certifications	Unity Certified Expert: Programmer Unity Technologies	March 2022
	Unreal Engine 5 C++ Developer Epic Games (Udemy)	June 2023

 Experience	Pixel Forge Interactive Game Developer	Bellevue, WA June 2020 - February 2022
	• Core developer on 'Starbound Odyssey,' a sci-fi roguelike that achieved 500K+ sales on Steam with 'Very Positive' user reviews • Implemented procedural generation systems for level layouts, enemy encounters, and loot drops using Unity and C# • Designed and programmed player progression systems including skill trees, equipment upgrades, and meta-progression mechanics • Created robust save/load system supporting cloud saves and cross-platform play between PC and Nintendo Switch • Integrated third-party SDKs for analytics (GameAnalytics), achievements (Steamworks), and multiplayer networking (Photon) • Fixed critical bugs and balanced gameplay based on community feedback and telemetry data, releasing 12 post-launch content updates • Worked closely with artists to implement VFX, animations, and shaders that enhanced visual polish while maintaining performance targets	
	Mobile Games Studio Junior Game Developer	Remote September 2018 - May 2020
	• Contributed to development of three mobile puzzle games built in Unity, collectively downloaded 2M+ times on iOS and Android • Implemented UI systems, touch controls, and gesture recognition optimized for mobile devices and various screen sizes • Developed monetization features including rewarded video ads, in-app purchases, and daily reward systems that increased retention by 25% • Optimized memory usage and load times for mobile platforms, reducing app size by 35% through asset compression and code optimization • Collaborated with game designers to balance puzzle difficulty curves and progression pacing using A/B testing data	

 Languages	English Native ☆☆☆☆	
	Polish Conversational ☆☆☆☆	

 Awards	Best Gameplay - Ludum Dare 48 Ludum Dare	April 2021
	Awarded for puzzle game 'Deeper and Deeper' which ranked in the top 5% overall among 3,000+ submissions	

Employee Excellence Award

December 2021

Pixel Forge Interactive

Recognized for exceptional contributions to 'Starbound Odyssey' development and dedication to code quality

 Interests

-  **Game Design**
Mechanics, Level Design, Player Psychology
-  **AI & Procedural Generation**
PCG, Machine Learning, Emergent Gameplay
-  **Indie Game Development**
Solo Dev, Game Jams, Community
