Summary

Passionate game developer with 5+ years of professional experience creating engaging game systems and polished player experiences across multiple platforms. Specialized in Unity and Unreal Engine with strong expertise in C#, C++, and game design principles. Proven ability to collaborate effectively with cross-functional teams including designers, artists, and QA to deliver high-quality games on time and within scope.

Awards

Best Gameplay - Ludum Dare 48	April 2021
Ludum Dare	
Awarded for puzzle game 'Deeper and Deeper' which ranked in the top 5% overall among 3,000+ submissions	
Employee Excellence Award	December 2021
Pixel Forge Interactive	
Recognized for exceptional contributions to 'Starbound Odyssey' development and dedication to code quality	

<> Projects

Echoes of the Void (Indie Game)2023 - Present

Solo developer for a narrative-driven 2D platformer built in Unity. Features custom dialogue system, branching story - paths, and atmospheric pixel art. Currently in development with demo released on itch.io garnering 5K+ downloads - and positive community feedback. Planned Steam release Q2 2025.

[View on itch.io](#)

Open Source: Unity Dialogue Framework2021 - 2023

Created and maintain an open-source dialogue system for Unity with visual node-based editor, localization support, - and voice acting integration. Project has 800+ GitHub stars and is actively used by indie developers worldwide. - Includes comprehensive documentation and example projects.

[View on GitHub](#)

Game Jam Participation2019 - Present

Regular participant in Ludum Dare and Global Game Jam events. Created 12+ game prototypes exploring experimental- mechanics and art styles. Won 'Best Gameplay' award at Ludum Dare 48 with puzzle game 'Deeper and Deeper' that - ranked in top 5% overall.
